# ABP ENERGIA

**An EPC Company**

## ***AT THE CUTTING EDGE OF TECHNOLOGY.***

**ABP ENERGIA** is very much & well aware with the latest manufacturing techniques and process the technology up gradation is being done as and when required for any parts.

The visit to the manufacturing technology fairs in India and International markets is being done time to time.

We are very much keen to be updated with the latest Technology & Process.

We provides a technical support system complete with installation and code compliance documentation and design assistance to help you solve the toughest challenges

# Strategy

---

- To Strive for total Customer Satisfaction with respect to Quality, Cost & Delivery for the goods ordered.
- To achieve ZERO defect during Production.
- Released high quality & innovative mounting structure.
- To be flexible in quantity, service and technology to serve varying, changing and demanding requirements of Customer.
- Accomplishing new horizons through Latest Technology, innovation & Excellence.
- Design assistance to help solve the toughest problem.

# Vision

---

Our main objective in the EPC space is to provide top end quality services, from the initial conceptualization & design stage to the installation & commissioning stage. We deploy world class solar technology to deliver affordable solar power. ABP Energia designs, builds and commissions with utmost sophistication and provides real time operational support & maintenance to large scale solar power plants.

We have in-house expertise developed from our group companies in the fields of civil, electrical, engineering and manufacturing which helps to provide our project management services in an efficient and cost effective manner.

# Values

---

ABP ENERGIA is working as a Team with the close co-operation among each and every employee's of the different division & department of the company as a member and a responsible person towards the growth of the company.

We are building a strong winning team with the motive of work together & growing together because our growth is with the growth of our each and every person of our company.

We continuously work on below key points.

Integrity  
Honesty  
Trust  
Accountability  
Commitment to customers  
Continuous learning  
Ownership  
Innovation  
Quality

# What Makes ABP ENERGIA Different

- ✦ Cost Competitive Efficient.
- ✦ Efficient / In house tool Development with in the time frame.
- ✦ specializes in the development, manufacturing, and marketing of photovoltaic racking solutions.
- ✦ We provide roof and ground mounting solutions for residential, agriculture, industrial, government, commercial, and utility grade projects.

- ✦ Management Expertise.
- ✦ Design that increase generation.
- ✦ Focus on best solution.
- ✦ Strong Manpower management across INDIA

# Business Area's Scope

1.Detailed Project Report.

2.Due Diligence.

3. Simulation Studies.

4.Choice of Technologies.

5. Plant & Machinery.

6. Project Schematics.

7. Civil and Architectural requirements.

8. Power Plant Operation & Maintenance.

9. Project Implementation & Schedule.

10. Project Financials.

11. Risk Analysis.

# List of Our few Projects

- 1400** KW Cumulative Project on Various roofs of private university in Mathura.
- 2+** MWp Project on Various shed for Delhi Metro.
- 300** KW Rooftop Project Sharda Group of Institution.
- 375** kWp Ground Mounted Project IOCL.
- 176** KW Power Project Hotel ,NCR.
- 200** kWp Project in Govt. office.
- 100** kWp in Ashram in Eastern UP.
- 135** kWp Ground Mounted in IOCL Bottling Plant Etawah.
- 19** Projects of **10-15** kWp residential project in various district.
- 6** Project multiples of **25** kWp Experience in Public Sector Units (PSU's).
- 400** kWp RESCO Model at different Gov. School Under IPGCL.
- 370** kWp Solar project at tin Shed in Gorakhpur.
- 260** kWp Solar project at Industry in Lucknow.
- 250** kWp Ground Mount solar Site in Haldwani.
- 175** kWp Rooftop Project in Bahdurgarh.
- 450** Kwp Ground Mount in Mandi, Himachal.

# Project Gallery

# Meet the Technology

**Shearing M/C**

**Press Shop**

**Press Brake M/C**

**Fab Section**

# Manufacturing Facilities

1. Shearing M/C (4 Meter Length)	-	01Nos.
2. Press Brake M/C (3.2 Meter Length)	-	01 Nos.
3. Power Press (10 ton to 50 ton)	-	04 Nos
4. Drill Machines	-	01 Nos
5. MIG Welding ( 250 amp)	-	02 Nos
8. Arc weld	-	02 Nos
9. Compressor 7.5 HP	-	01 Nos

## Our Expertise

ABP Energia specializes in the development, manufacturing, and marketing of photovoltaic racking solutions. Since its foundation ABP Energia has released a wide range of high-quality and innovative mounting systems. We provide roof and ground mounting solutions for residential, agriculture, industrial, government, commercial, and utility grade projects. Our mission is to promote renewable energy solutions making solar installations simple.

# What Our Customers Are Saying

---

“From the reference of my close one we choose ABP ENERGIA over many of big players and we choose right one.”

---

Jitendra Singh  
Laxmi Nagar- Delhi
